

# Certified Information Security Lead Implementer - ISO/IEC 27001

This training enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining an Information Security Management System (ISMS) based on ISO/IEC 27001. During this training course, you will gain a thorough understanding of the best practices of Information Security Management Systems to secure the organization's sensitive information and improve the overall performance and effectiveness.

NiiS® partnering with Mitiget® offers an international training and certification from a renowned certification body (PECB) for persons, management systems, and products of international standards globally. By holding this credential, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement ISO/IEC 27001 standard in an organization.

## Course Outline:

- Day 1: Introduction to ISO/IEC 27001 and initiation of an ISMS
- Day 2 Plan the implementation of an ISMS
- Day 3: Implementation of an ISMS
- Day 4: ISMS monitoring, measurement, continuous improvement and preparation for a certification audit
- Day 5: Certification exam

Course Duration – 5 Days

1<sup>st</sup> Batch

Date: 25<sup>th</sup> – 29<sup>th</sup> January, 2022

2<sup>nd</sup> Batch

Date: 20<sup>th</sup> -24<sup>th</sup> September, 2022

Course Fee - \$800 (for instructor-led training, training material, refreshments and certificate of attendance including e-copy of the certification when you pass the exam).

# **Certified Lead Cybersecurity Manager - ISO/IEC 27032**

This training enables you to acquire the expertise and competence needed to support an organization in implementing and managing a Cybersecurity program based on ISO/IEC 27032 and NIST Cybersecurity framework. During this training course, you will gain a comprehensive knowledge of Cybersecurity, the relationship between Cybersecurity and other types of IT security, and stakeholders' role in Cybersecurity.

NiiS® partnering with Mitiget® offers an international training and certification from a renowned certification body (PECB) for persons, management systems, and products of international standards globally. By holding this credential, you will be able to demonstrate that you have the practical knowledge and professional capabilities to support and lead a team in managing Cybersecurity.

## **Course Outline:**

- Day 1: Introduction to Cybersecurity and related concepts as recommended by ISO/IEC 27032
- Day 2: Cybersecurity Policies, Risk Management and Attack Mechanisms
- Day 3: Cybersecurity Controls, Information Sharing and Coordination
- Day 4: Incident Management, Monitoring and Continuous Improvement
- Day 5: Certification exam

Course Duration – 5 Days

1<sup>st</sup> Batch

Date: 22<sup>nd</sup> – 26<sup>th</sup> February, 2022

2<sup>nd</sup> Batch

Date: 25<sup>th</sup> -29<sup>th</sup> October, 2022

Course Fee - \$800 (for instructor-led training, training material, refreshments and certificate of attendance including e-copy of the certification when you pass the exam).

# Certified Lead Resilience Manager - ISO 22316

The Lead Resilience Manager training course enables you to develop the necessary expertise to assist an organization in establishing, maintaining, and continually improving an organizational resilience program based on ISO 22316. During this training course, you will gain a thorough understanding of the best practices and principles of organizational resilience by being able to identify, respond and adapt to new changes within the organization.

NiiS® partnering with Mitiget® offers an international training and certification from a renowned certification body (PECB) for persons, management systems, and products of international standards globally. The internationally recognized Lead Resilience Manager credential proves that you have the practical knowledge and professional capabilities to establish the ISO 22316 program in an organization.

## Course Outline

- Day 1: Introduction to ISO 22316 and organizational resilience
- Day 2: Preparing for the organizational resilience program
- Day 3: Building and operating the organizational resilience program
- Day 4: Evaluating, monitoring, and continual improvement of an organizational resilience program
- Day 5: Certification exam

Course Duration – 5 Days

### 1<sup>st</sup> Batch

Date : 22<sup>nd</sup> – 26<sup>th</sup> March, 2022

### 2<sup>nd</sup> Batch

Date: 23<sup>rd</sup> -27<sup>th</sup> August, 2022

**Course Fee** - \$800 (for instructor-led training, training material, refreshments and certificate of attendance including e-copy of the certification when you pass the exam).

# Certified Lead Risk Manager - ISO 31000

The Lead Risk Manager training course helps you acquire the knowledge necessary and ability to integrate the risk management guidelines of ISO 31000 in an organization. It provides information with regard to the risk management principles and their application, as well as the core elements of the risk management framework and steps for a risk management process. In addition, it provides the basic approaches, methods, and practices for assessing risk in a wide range of situations.

NiiS® partnering with Mitiget® offers an international training and certification from a renowned certification body (PECB) for persons, management systems, and products of international standards globally. By holding this Lead Risk Manager credential, you will be able to demonstrate your knowledge and ability to apply the risk management process in an organization based on the guidelines of ISO 31000 and best practices.

## Course Outline

**Day 1:** Introduction to ISO 31000 and risk management

**Day 2:** Establishing the risk management framework and initiating the risk management process

**Day 3:** Risk analysis, risk evaluation, and risk treatment according to ISO 31000

**Day 4:** Recording and reporting, monitoring and review, and communication and consultation according to ISO 31000

**Day 5:** Certification exam

Course Duration – 5 Days

### 1<sup>st</sup> Batch

Date: 24<sup>th</sup> – 28<sup>th</sup> May, 2022

### 2<sup>nd</sup> Batch

Date: 21<sup>st</sup> -25<sup>th</sup> June, 2022

**Course Fee** - \$800 (for instructor-led training, training material, refreshments and certificate of attendance including e-copy of the certification when you pass the exam).

# Certified Lead Forensics Examiner

This Lead Computer Forensics Examiner training enables you to acquire the necessary expertise to perform Computer Forensics processes in order to obtain complete and reliable digital evidence. During this training course, you will also gain a thorough understanding of Computer Forensics fundamentals, based on the best practices used to perform forensics evidence recovery and analytical techniques. This training course is focused on core skills required to collect and analyse data from Windows, Mac OS X, and Linux operating systems, and also from mobile devices.

NiiS® partnering with Mitiget® offers an international training and certification from a renowned certification body (PECB) for persons, management systems, and products of international standards globally. By holding this credential, you will be able to prove that you have the expertise to lead advanced forensic investigations and conduct forensics analysis, reporting, and evidence acquisition.

## Course Outline

**Day 1:** Introduction to Incident Response and Computer Forensics concepts

**Day 2:** Prepare and lead a Computer Forensics investigation

**Day 3:** Analysis and management of digital artifacts

**Day 4:** Case Presentation & Trial Simulation

**Day 5:** Certification Exam

**Course Duration** – 5 Days

### 1<sup>st</sup> Batch

Date: 26<sup>th</sup> – 30<sup>th</sup> April, 2022

### 2<sup>nd</sup> Batch

Date: 26<sup>th</sup> -30<sup>th</sup> July, 2022

**Course Fee** - \$800 (for instructor-led training, training material, refreshments and certificate of attendance including e-copy of the certification when you pass the exam).

**List of 10k to trigger enthusiasm for the certification courses:**

1. Cybersecurity Standards and Policy Frameworks

Date: 8<sup>th</sup> February, 2022

2. Cybersecurity techniques - Internet and Email Security.

Date: 15<sup>th</sup> March, 2022.

3. Cybersecurity and Social Engineering Attacks.

Date: 12<sup>th</sup> April, 2022.

4. Cybersecurity Enforcing Data Privacy and Compliance.

Date: 18<sup>th</sup> May, 2022

5. Cybersecurity and Password Management.

Date: 15<sup>th</sup> June, 2022.

6. Insider Threats a Catalyst for Cyber-Risks.

Date: 20<sup>th</sup> July, 2022.

7. Cybersecurity Fundamentals: Ensuring Proper Cyber Hygiene.

Date: 12<sup>th</sup> August, 2022.

8. Social Media Accounts Management – Be a Cybersecurity Ambassador.

Date: 14<sup>th</sup> September, 2022.

9. Cybersecurity Best Practice and Career

Date: 20<sup>th</sup> October, 2022.

10. Beginners Guide to Cybersecurity Industry.

Date: 18<sup>th</sup> November, 2022.

Each of them shall be delivered online and for 2 hours or 3 at most.
